Project Connect

Digital Literacy

KMVT 15 Silicon Valley Community Media offers Digital Literacy classes, as part of our Project Connect program. In this 7-week program we will teach the skills necessary to navigate a hyper connected world, this includes: how to write emails, attach files and documents to emails, how to navigate school websites, the exploration of valuable educational resources on the internet, learn about online privacy, and much more!

What you'll learn:

- ✓ Improvement in email etiquette
- ✓ Discovery of valuable internet resources
- ✓ Improved smart phone skills
- ✓ Awareness of internet privacy
- ✓ Workshops with representatives from McAfee, the Mountain View Police Department, and Cnet Español.
